Cairo, Egypt

<u>Object</u>: Front-End Developer

With great willingness, I am sending you my Resume which includes all my qualifications for the Front-End Developer job. I believe that my education, skill-set and experience make me a suitable candidate for this vacancy.

Passionate Front-End Developer experienced with building websites using HTML, CSS and JavaScript. Specializes in using Bootstrap, jQuery and JS frameworks to build diverse websites.

I am a highly organized and self-driven individual, passionate about developing my career in the field of Web Development. My commitment can be gauged from the fact that I am always looking for knowledge and learning.

During the course of my career, I have gained a specialist's understanding of financial instruments and accounting software and have also gained an excellent experience in the field of Implementation and Web Development and have also been effective in explaining complex information in a comprehensible manner. As an Implementation Engineer and a Front-End Developer, I am an accomplished communicator, with excellent organizational, decision making, and time management skills.

Proactive, innovative and highly influential, I am seeking a challenging but rewarding position, which is why I was naturally drawn to this exciting opportunity.

Thank you for your time, I look forward to hearing from you, at your earliest convenience, to discuss how my experience and qualifications will prove valuable in the Front-End Developer role.

Best regards,
Ali Abdelaziz
